### **Welcome to Mushroom Feast Mendocino!**

In November, Mendocino County is just the place to “Find your Happy”! Join the festivities this year at **MUSHROOM FEAST MENDOCINO** as we roll out the red carpet for a panoply of events that will entice your tastebuds to sample savories and sweets, make you want to swish and swirl our liquid assets by the glass, get you to unplug and learn to forage for fun and fungi, and stay a night or two, or more, in some of the most unique lodging properties in Northern California!

As the first rains start to fall, mushrooms flourish in abundance in Mendocino County, which is home to over 3,000 types of fungi. It's the perfect place to sample and pick some of the 500 types of delicious edible mushrooms, such as chanterelles, porcinis, hedgehogs, and even the extremely rare candy cap mushroom, a culinary treat with an intense maple syrup flavor, which grows only along the northern coast of California (and makes for delicious ice cream!).

Come and savor the Mendocino County experience ... November 1 through 10, 2019!
